XIV	Fisheries (Input subsidy for fish seed farm to SMF)	54
XV	Handloom and Textile (Assistance to Artisans for replacement of damaged main functional tools /equipments)	55
XVI	Input subsidy for Eri Muga Myulberry Tussar	56

EXECUTIVE SUMMARY

Assam had three waves of flood in the year 2025, causing substantial loss of lives and property and severely impacting the economy of the State. Out of total 35 districts of Assam, 28 districts have been affected by flood in this year affecting approximately 11.19 lakh people in 3,255 villages. The death toll due to floods and landslides has been 36. Besides, substantial damages to standing crops, infrastructures like, roads, bridges, irrigation facilities, health facilities, schools, Livestock population etc. has also been reported from the affected districts and respective line departments.

The State Government has undertaken substantial rescue and relief operation in the State in all waves of flood. Based on ground assessment carried out with the help of District Administrations and the Departments of the State Government, this Flood Memorandum has been finalised.

As such, based on the damage reports received from the Districts and the Departments, fund requirement is estimated to be **Rs. 2871.21** crore which includes an amount of **Rs 62.98 Cr.** for rescue and relief operation, **Rs. 10.26 Cr.** for sectoral damages other than Core Critical Infrastructure (like Fish seeds, Replacement of Animals, Assistance to Small and Marginal Farmers and Assistance to Artisans), **Rs. 28.23** for damages in Housing Sector and **Rs. 2769.74 Cr.** for repairing and restoration of immediate nature for various infrastructure damaged during the flood.

The State is in need of large-scale financial assistance to recover from the extensive damages and losses due to floods. The fund allotted for the State under SDRF will not be sufficient to meet the expenditure. Assistance from NDRF will immensely help the state to recover at the earliest.

1. Introduction:

Assam is situated in the Northeastern region of India with a geographical area of 78,438 sq. km. It constitutes about 2.4% of the country's geographical area. The State has 35 districts with total population of 3,11,69,272 (as per 2011 census). Most of the inhabitants of the state live in the valleys of the Brahmaputra and the Barak river.

2. Floods in Assam:

Assam is one of the most flood prone states in India. The State faces acute flood problem in the flood plains of the river Brahmaputra and Barak and other smaller river sub-basins. The extremely dynamic monsoon regime vis-à-vis the unique physiographic setting of the basin has been considered as the single most important cause for frequent occurrence of flood in this region. Historical analysis of the last fifteen years shows the problem of flood and its impact on the population every year.

Figure 1: Graph showing Population Affected by Floods from 2010-2025

Figure 2: Graph showing Districts and Revenue Circles Affected by Floods from 2010-2025

Figure 3: Graph showing Loss of Human Lives due to Floods and Landslides from 2010-2025

As per the Flood Hazard Atlas of Assam prepared by National Remote Sensing Centre (NRSC), Hyderabad using satellite data, about 28.75% (22.54 lakh hectares) of land in Assam state is affected by flood during 1998-2015.

Assam falls in the highest rainfall intensity zone of the country. The precipitation here is mainly due to the South-West monsoon i.e. June to September. Average annual rainfall in the region is very high and ranges from 1750 mm in the plains to about 6400 mm in the hills. High rainfall in the state & upper catchment in the neighbouring states like Arunachal Pradesh, Meghalaya, Nagaland, Mizoram, Manipur and neighbouring country (Bhutan) causes severe floods in Assam almost every year. This huge volume of water rushes through the narrow bowl-shaped valley of Assam to the Bay of Bengal ravaging the area through which it flows with floods and erosion.

Assam comprises of a large network of rivers and tributaries. These rivers and tributaries originate from the Upper Catchments with high gradient and join Brahmaputra and the Barak river to form a highly dynamic and complex river system.

The length of the Brahmaputra River is 2880 km. It has a catchment area of 5,80,000 Sq. km in Tibet, Bhutan, China, India and Bangladesh and in terms of discharge, it is the third largest river in the world.. The River flows for a length of 640 Km through the plains of Assam (Tinsukia to Dhubri). In this valley, about 64 tributaries on its North bank and about 38 on its South bank join the river Brahmaputra. The total length of embankment in Assam is 2745 Km.

The river Barak is the second largest river in the North East, originating from Nagaland and Manipur, it traverses a length of 225 Km in Assam and flows into Bangladesh. The total number of tributaries joining the Barak river within its Assam reach is around 10 and the number of sub tributaries joining the main tributaries is around 5. The catchment area of tributaries ranges between 300-4200 sq. km. and that of the sub tributaries ranges between 100- 2000 sq. km. Total length of embankment in Assam is 526 Km.

The extreme monsoon regime vis-à-vis the unique physiographic setting of the basin has been considered as the single most important cause for frequent occurrence of flood in this region. Besides, deforestation in the upstream areas lying in Arunachal Pradesh, Meghalaya, Nagaland, Mizoram, Manipur and Bhutan is resulting in excessive siltation and runoff, decreasing the carrying capacity of major rivers and tributaries.

Assam has approximately 5,000 Km of embankments constructed on the recommendation of Rashtriya Barh Aayog as short term measures in the decades of 1950s and 60s. The embankments have outlived their lives.

(Source: Assam River Atlas- 2020)

2.1 Assam Floods in 2025:

This year, Assam has faced three waves of floods till date, which have affected 28 districts of the state, resulting in loss of human lives, livestock and large scale damage to the dwelling houses, standing crops, infrastructure like roads, bridges, embankments, schools, AWCs etc.

Notified Flood season starts in Assam from 1st May till 31st October every year and during the period ASDMA generates daily flood situation reports digitally through DRIMS (Disaster Reporting and Information Management System). Each Revenue Circle of Assam submits an online situation report through its respective DDMA in the DRIMS portal. Following 28 districts of Assam have been affected by floods this year viz. Barpeta, Biswanath, Bongaigaon, Cachar, Charaideo, Darrang, Dhemaji, Dibrugarh, Dima-Hasao, Goalpara, Golaghat, Hailakandi, Hojai, Jorhat, Kamrup, Kamrup (M), Karbi Anglong, Kokrajhar, Majuli, Morigaon, Nagaon, Sivasagar, Sonitpur, South Salmara, Sribhumi, Tinsukia, Lakhimpur and West Karbi Anglong

Preparedness measures taken by ASDMA before floods:

As part of the flood preparedness initiatives, Assam State Disaster Management Authority (ASDMA) had conducted six thematic meetings for flood preparedness during March- April 2025 with all line departments, Central Agencies and stakeholders. These thematic meetings are viz. ***(i) Coordination for Response with responding agencies, (ii) Critical Infrastructure Preparedness, (iii) Ensuring continuity of services viz. Health, Water & Sanitation, Education, Social welfare services etc., (iv) Relief Camp Management, (v) Risk communication and (vi) Reporting and Damage Assessment as part of its preparedness this year with various stakeholders.***

Besides, ASDMA also conducted multi layered review of Flood Preparedness, which includes- (i) Flood Preparedness Review Meeting by His Excellency Governor of Assam on 28th May, 2025, (ii) Video Conference with the District Commissioners by Hon'ble Chief Minister on 30th May 2025, (iii) District level Flood Preparedness review by Hon'ble Minister, Revenue & DM Department, Assam along with field visit in 6 districts (24th – 26th May, 2025), (iv) State Level Flood Preparedness Review Meeting by Hon'ble Chief Secretary, Assam on 17th May, 2025, (v) Video conferencing with the DDMA to review flood preparedness at the district level conducted on 27th March 2025.

NDRF teams from 1st Bn. and 12th Bn. have been pre-positioned at eight (8) strategic locations of the state of Assam namely Silchar, Jorhat, Barpeta, Bongaigaon (1st Bn. NDRF), Dibrugarh, Tezpur, Sivasagar and Titabor (12th Bn. NDRF) for effective and prompt response during flood. Besides, five companies of State Disaster Response Force (SDRF) were also deployed in 58 locations of Assam along with rescue boats and deep divers. Besides, ASDMA also deployed rescue boats, AAPDA Mitra volunteers and DDRF teams in selected locations in certain vulnerable locations. These proactive preparedness measures lead to substantive reduction of human lives lost and properties during the flood as compared to the severity of the flood situation.

Further, ASDMA receives FLEWS (Flood Early Warning System) alerts from North Eastern Space Application Centre (NESAC) within 12 to 48 hrs lead time in the category of Low, Moderate, High and Very High alerts and these alerts are disseminated to DDMA, Revenue Circle Offices, concerned authorities of the Govt. of Assam and other response agencies.

More than 4,000 relief camps and shelter places were pre-identified during pre-monsoon period as a part of flood preparedness by DDMA's.

2.2 Details of the floods in the year 2025:

PERIOD OF GENERATING FLOOD REPORT	NO. OF DISTRICTS AFFECTED	NO. OF REVENUE CIRCLES AFFECTED	NO. OF VILLAGES AFFECTED	POPULATION AFFECTED	HUMAN LIVES LOST IN FLOOD	HUMAN LIVES LOST IN URBAN FLOOD
1st Wave (31 May - 22 July, 2025)	26	94	2630	1041123	24	0
2nd Wave (7 Aug - 5 Sept, 2025)	11	30	412	45930	0	1
3rd Wave (12 Sept. - 13 Oct, 2025)	11	28	468	108232	2	0

Human lives lost due to Landslide:

PERIOD	HUMAN LIVES LOST DUE TO LANDSLIDE
1 May - 31 Oct, 2025	9

DEPLOYMENT STATUS OF NDRF-SDRF- DDRF TEAMS IN ASSAM, 2025

2.3. Cumulative Snapshot of Floods 2025 (1st May 2025 – 31st Oct 2025):

Number of districts affected by flood	28
Number of Revenue Circles affected	102
Number of villages affected	3255
Number of deaths due to flood/urban Flood	27 (26 – Flood ; 01 – Urban Flood)
Number of deaths due to landslide	09
Total population affected	11,19,031
Number of Relief Camps & Shelters	381
Number of Relief Distribution Centre	1782
Number of inmates in Relief Camps	78813
Crop area affected (In ha)	7958.12
Fully/ Severely damaged Houses (Pucca/ Kutcha)- in plain areas	216
Fully/ Severely damaged Houses (Pucca/ Kutcha)- in Hilly areas	202
Partially damaged Pucca houses	9343
Partially damaged Kutcha houses	47448
Huts damaged/ Destroyed	466
Cattle Shed damaged	811
Animal lost	
Milch animals (Buffalo/ Cow/Sheep/Goat/Camel):	391
Draught Animal (Camel/Horse/ Bullock/Donkey/Pig):	93
Poultry:	2024

2.4 Major Infrastructure damaged (1st May 2025 – 31st Oct 2025):

MAJOR INFRASTRUCTURE DAMAGES	
Road affected (PWD)	326
Road affected (PWD) in Kms	468.83
Breached Occurred in Roads	90
Road breached (PWD) in Kms	7.72
Damaged SPT Bridge	2
Damaged app to RCC/SPT Bridge	40
Damaged Culvert & Culvert Approach	62
Breaches in the Embankment	17
Breach Like Damage (In Kms)	433.17
Anganwadi Centres damaged	185
Piped Water Supply Scheme(PWSS) damaged	300
Irrigation scheme damaged	30
Schools damaged	683
Transformer	11
Electric Pole	300
Conductor (in Kms)	156.243
Health Centre	23

2.5 REASONS FOR THE ASSAM FLOODS 2025:

- The State has a large network of rivers & tributaries originating from the Upper catchments with high gradient.
- Assam faced 1st wave of flood occurred due to heavy to very heavy rainfall in Assam and in the neighboring States.
- Arunachal Pradesh, Assam, Manipur, Meghalaya Mizoram, Nagaland and Tripura recorded an excess rainfall with 195%, 158%, 403%, 279%, 313%, 316%, 112% deviation from the normal from 28th - 31st May, 2025 affecting a population of 6.79 lakhs on 4th June, 2025 in 21 districts.
- Eventually situation started improving after 5th June, 2025.
- Moreover, incessant rainfall in Bhutan as well as the release of water from Khangdong (Kopili, Dima Hasao) Panyor (Arunachal Pradesh) and Doyang Hydel Power Project (Nagaland) dams are other important causes for floods in downstream districts i.e. Barpeta, Hojai, Nagaon, Lakhimpur and Golaghat districts.

PERIOD : 28 th – 31 st MAY, 2025

2.8 Financial Assistance and GR Distribution to the Flood Affected People:

Government of Assam has carried out extensive relief operation in all the flood affected areas of the State. Food items like Rice, Dal, Salt, Mustard Oil, Baby Foods & Milk pouches, Chira, Gur, Packaged Food, safe drinking water etc. **(APPENDIX III A & III B)** have been distributed to the flood affected people who took shelter in the relief camps and through relief distribution points/centers along with cattle fodder/green grass for the livestock affected. Ex- Gratia has been distributed to the NOK of the deceased person. Necessary steps to ensure health and hygiene have also been undertaken. Medical teams were also deployed in the affected areas. Sanitary napkin and Baby food also included in GR materials.

2.9 Rescue Operations:

Rescue operations were carried out by the various responding agencies namely Indian Air Force, Indian Army, NDRF, SDRF, Fire & Emergency Services, Civil Defence, SSB, Police, Local Administration, NGOs/ CBOs and trained volunteers in the affected districts during the flood. 1st Bn. and 12th Bn. NDRF teams were prepositioned in 08 locations across the State with rescue boats and SDRF personnel deployed in 58 locations of Assam. Revenue Circle Officials also used country boats mainly for transporting relief materials and rescuing animals in the affected village. Assam State Disaster Management Authority (ASDMA) had deployed 189 Inflatable Rubber Boats which were utilised for evacuate 5094 number of people and 3138 number of livestock. Further, Indian Air Force helicopters were deployed this year for rescue of marooned people along with transportation of equipments and responders.

Details of the Air Operation in the table below:

Date	No. of sorties	Rescue Team/ Persons Evacuated	Remarks
1 st June, 2025	1	14 laborers were airlifted to Tinsukia from Bomjir river in Lower Dibang Valley district of Arunachal Pradesh	ASDMA requested IAF for the rescue operation, after DDMA Tinsukia requested for the same
6 th January- 21 st February 2025	3	Mine Flood at 3 Kilo, Umrangso, Dima Hasao district.	ASDMA Requested IAF transport of Naval deep divers, experts from ONGC, Coal India with equipments
Total	4	14 + 19 = 33	

2.10 Details of the district-wise rescue operation carried out during this period:

Various response agencies carried out rescue operations during the floods. These agencies includes SDRF, NDRF, DDRF, Fire & Emergency Services, Circle Office/Local Administration, Indian Air Force, Civil Defence/Trained Volunteers, Inland Water Transport, Local People, and Police etc.

Following is the details of district-wise rescue operation:

District	Agency	Other Agencies Involved	Medical Team Deployed	Boats Deployed	Person Evacuated By Boats	Animal Evacuated By Boats	Helicopters Deployed	Person Evacuated By Helicopters

6.0 Total Requirement of fund under Flood Memorandum 2025:

VARIOUS HEADS	AMOUNT (Rs. in Cr.)
Expenditure For Rescue & Relief Operation	62.98
Sectoral Damages other than Core Critical Infrastructure (Fish seeds, Replacement of Animals, Assistance to Small and Marginal Farmers, Assistance to Artisans)	10.26
Damages in Housing Sector	28.23
Damages in Core Critical Infrastructure	2769.74
GRAND TOTAL	2871.21

7.0 Conclusion:

Hon'ble Chief Minister of Assam reviewed the flood preparedness of the state on 30th May, 2025 involving District Commissioners of all DDMA's of Assam. Hon'ble Chief Minister instructed all the District Commissioners to establish effective coordination with NDRF and SDRF teams, to ensure a prompt response when required. Further, His Excellency Governor of Assam on 28th May, 2025 also took stock of the Flood preparedness for state of Assam.

Based on the ground assessment by the District Administrations, District Disaster Management Authorities (DDMA's) and concerned line departments of the State Government, total requirement of funds covered under SDRF/NDRF for (i) rescue & relief operation (**₹62.98** crores), (ii) Sectoral damages other than core Critical Infrastructure (Fish seeds, Replacement of Animals, Assistance to Small and Marginal Farmers, Assistance to Artisans) (**₹10.26** crores), (iii) Damages in Housing Sector (**₹28.23** crores) and (iv) Damages in Core Critical Infrastructure (**₹2769.74** crores). Therefore total estimated fund requirement for various work is amounting to **₹ 2871.21 Cr.** (in words *Two Thousand Eight hundred Seventy One Crore and Twenty one Lakhs only*)

Government of India is therefore, requested to provide financial assistance and help the State to recover from the severe damages caused by the multiple waves of floods in 2025.
